I have 7+ years of experience developing iOS apps and a passion for building solutions. My goal is to create applications with intuitive user interfaces. As the iOS Developer, I helped implement more than a dozen complex iOS apps. I reviewed client requirements, developed wireframes, and worked closely with our product and design teams to bring our client's visions to life. I have extensive experience in Swift and Objective-C and expertise in core iOS frameworks. I can also bring my knowledge and experience working with third-party APIs, SDK and libraries.
